

Team:		Date:
Period:	<i>Integer Project</i>	RE: Due October 28th

Directions:

Students have been learning about integers. In fact, the students were shown a Prezi Presentation about integers that I created. There is also a link located on our class website: kbellmiddleschoolmath@weebly.com.

For this project the students may team with another classmate and should choose at least one of the below activities. Attached to the back of this sheet is a copy of rubrics that will be used to grade this project.

This sheet must be turned in with project.

***Remember Projects are 20% of your grade.

<p>1. Create a Prezi or PowerPoint Presentation explaining about Adding/Subtracting/Multiplying/Dividing Integers.</p>	<p>A. Presentation must have at least 15 slides B. Music must be attached to the presentation C. Must include at least 5 pictures D. Must include at least 5 definitions E. Be original and have fun!</p>
<p>2. Create an original music video about Adding/Subtracting/Multiplying/Dividing Integers.</p>	<p>A. Video must be appropriate for school B. Video must be between 2-5 minutes C. Video must include the rules of integers D. Must be completely original and have fun!</p>
<p>3. Create a flip book about Adding/Subtracting/Multiplying/Dividing Integers.</p>	<p>A. Artwork in book must be original B. Book must consist of no more than 20 sheets of folded paper. C. Must include at least 5 pictures D. Must include at least 5 definitions E. Be original and have fun!</p>
